

LIVE EVENT PRODUCTION · NEW YORK

278 AV Production

Lighting, audio and video for live events — full production or equipment rental.

Who we are: 278 AV Production provides end-to-end live event production services and professional equipment rentals in the New York area.

THREE CORE AREAS

What we do

01 Lighting

Lighting design and rental equipment that shapes the room and directs the audience's attention.

02 Audio

Sound systems, audio gear and technical support so every moment is heard clearly.

03 Video

Video equipment and visual displays for the live experience.

LED VIDEO WALLS — ORIGINAL SPECIALTY

How we work

From the first conversation to the load-out: we listen, define the audiovisual needs and coordinate production with dedicated support at every stage.

Who we serve

Event organizers, artists, creative directors, corporate clients and venue managers — concerts, corporate events, artistic showcases and live gatherings in the New York area.

"Lighting gives the room a visual direction."

"Video gives the audience something to see, from event visuals to content presented on an LED wall."
